Daily Maintenance & Upkeep by Public Works Managers

Are your fields maintained at a level that would minimize the likelihood of injury? “Duty of Care” is a legal obligation of an individual or organization to adhere to a standard of reasonable care while performing any acts that could foreseeably harm others.

Promoting Safe Play

Sports field management should be wary of the safety issues associated with high-volume sports fields and support management strategies to ensure safe fields for all users. Overuse of sports fields—especially under very wet or very dry conditions—can injure turf density which is necessary for athlete performance and safety.

The challenge for public managers is to maintain and provide safe, functional and aesthetically pleasing fields. This webinar will include the following topics:

- Overview of Responsibilities
- Turf Specifics
- Sports Specifics
- End Result for the Municipality
