Property is to be assessed for taxation purposes by general laws and uniform rules. All real property must be assessed according to the same standard of value except for agricultural/horticultural land.

This webinar will focus on the assessment process, and how the assessments effect your property tax rate. Property taxes represent the most significant source of revenue for a municipality. It is critical that tax collections are accurately billed, collected and enforced. The Chief Finance Officer (CFO) depends on the Tax Collector for information to prepare the Budget, Annual Financial Statement, and Audit. But Tax Assessors, Municipal Clerks, Public Works Directors and other local government professionals need to learn the details associated with the assessment process to developing the tax rate and the part they play in the overall revenue stream of the municipality.

✓ Topics Covered in the Webinar Include:

- Assessment Process, and How Assessments Effect Your Tax Rate.
- A Review of Equalization, Municipal Budgets, and Levy Versus Budget.
- Breakdown of General Rate
- Special District Rates
- State Certification
- County Certification
- Proceed with Billing
- Abstract of Ratables
