The American Rescue Plan Act (ARPA) established the \$350 billion Coronavirus State and Local Fiscal Recovery Fund (SLFRF) to assist state and local governments respond to the ongoing COVID-19 public health emergency.

This one-time funding provides recipients a variety of options to consider in aiding their communities across the country. To assist finance officers tasked with oversight of the SLFRF funds, the Government Finance Officers Association of United States and Canada (GFOA) has developed guiding principles for recipients to use as a framework in this process.

Join us for a detailed revision of the program's rules, guiding principles on developing a plan, and real examples of how recipients have been implementing their funds.

Presenter:

Mehreen Haroon is a Federal Policy Associate with GFOA of United States and Canada's Federal Liaison Center
