Discussion will entail the following:

A review of recently passed legislation as well as an overview of bills currently in the House and Senate that could affect municipal government operations.

The chief function of the Legislature is to enact laws. A proposal to make a new law, or to change or repeal an existing law, is presented to the Legislature as a bill. To become law, a bill must pass both Houses by a majority vote and be approved by the Governor. The Legislature may also propose amendments to the New Jersey Constitution. The proposed amendment must be passed by a vote of three-fifths of each House before being placed on the ballot in November for a public vote. An amendment may also be presented to the voters if the Legislature passes it two years in a row by a simple majority vote. Additional powers of the Legislature include: • Enacting an annual appropriations bill outlining all State spending; • Senatorial approval of the Governor's appointments; • Ratification of amendments to the U.S. Constitution; • Judgment of the elections and qualifications of its members; • Institution and conduct of impeachment proceedings against State officials; • Review of administrative rules and regulations. Review of pending legislation which provides for transfer and sale of inactive liquor licenses for use in qualifying smart growth municipalities.
